

## Wanderlust Travels — Dynamic Travel Update Report (Text Format)

Report Timestamp (IST): 2026-02-04 15:29

Coverage Window: Next 72 hours (Feb 4-7, 2026)

### Flight Status + Disruptions

1. BLR → LON: Flight AI 133 (Air India), scheduled 23:10, status delayed +105 minutes due to crew rest violation.

Impact is high with missed connections risk.

**Suggested action:** offer a free rebooking window within 24 hours and connection protection.

**Confidence:** High (FlightAware).

2. DEL → JFK: Flight AI 101 (Air India), scheduled 02:45, status at risk due to NYC ATC flow control.

Impact is medium with possible 1-3 hour delays.

**Suggested action:** recommend early airport arrival and suggest alternate flights.

**Confidence:** Medium (AviationStack).

3. BOM → DXB: Flight EK 507 (Emirates), scheduled 15:20, status cancelled due to A380 technical issue.

Impact requires full reaccommodation.

**Suggested action:** auto-rebook to EK509 with DXB hotel voucher per policy.

**Confidence:** High (Emirates Operations).

4. DEL → BKK: Flight TG 316 (Thai Airways), scheduled 07:35, status on-time with no disruptions.

**Impact:** no action required.

**Confidence:** High (BKK Airport).

**Operational Note:** When customers ask "Is my flight affected?", the chatbot should request PNR/flight number + travel date, then summarize status + options citing Air India Conditions of Carriage.

## Climate / Weather Events

1. London (LHR/LGW): Dense fog with CAT III operations restrictions, time window next 24-36 hours.

Expected impact includes 2-4 hour arrival delays affecting all BLR/DEL/BOM→LON segments.

**Recommended action:** recommend flexible connection times and monitor Air India app.

**Confidence:** Medium (Met Office).

2. Dubai (DXB): Thunderstorms with 40kt gusting winds, time window 12-18 hours.

Expected impact includes holding patterns and ramp slowdowns for BOM→DXB.

**Recommended action:** encourage early check-in with possible baggage delays.

**Confidence:** Medium (NCAR RAP).

3. Bangkok (BKK): Heatwave advisory at 38°C+100%RH, time window 72 hours.

Expected impact is minor ramp operations and health advisories for DEL→BKK passengers.

**Recommended action:** share hydration/health tips only.

**Confidence:** Low (Thai Met).

4. Bengaluru (BLR): Pre-monsoon showers expected tonight.

Expected impact includes minor taxi delays for all departures.

**Recommended action:** recommend 2 hours early arrival.

**Confidence:** Low (IMD).
